

# GOVERNOR STARTS ON TOUR OF STATE

## PLANS INSPECTION OF ROADS ON WHICH CONTRACTS ARE LEFT

Small Issues a Statement to the People of  
Illinois Before Starting on Trip—Says  
That He Will be Available if Any One  
Wants to Transact Any Official Business

CHICAGO, July 29.—Governor Len Small departed from Chicago today on a tour of the state roads with a view to rushing work on the \$60,000,000 program approved by the voters two years ago.

Replying to charges that he was seeking to delay the serving of the warrants based on the three indictments voted against him in Sangamon county last week, the governor said:

"I will be available to anybody who has any official business to transact," and indicated that he would continue to direct the affairs of the state during the next few days from the automobile he is using on his tour. Before leaving, he issued the following statement to the people of the state:

"Up to the time that I announced my candidacy for the Republican nomination for governor no person ever accused me of wrongdoing.

## DEVALERA STILL SILENT ON PEACE NEGOTIATIONS

Republican Leader is  
Consulting With His  
Followers

(By The Associated Press)  
LONDON, July 29.—Eamonn DeValera still is silent, another day having passed with no word from the Republican leader.

The general supposition now is that there will be no move in the peace negotiations pending the expected release of those members of the Dail Eireann who are in jail and the summoning of a full meeting of the Republican parliament. Mr. DeValera for the best part of the last few days has gone over the peace proposals with the available members of the Republican cabinet and it is expected that when the Dail Eireann is called to consider what shall be the decision, he will be ready to present the views of his colleagues as well as his own opinion.

Temporarily the peace negotiations have been overshadowed by the extraordinary action of the military authorities in Ireland. General Sir Nevill Macready, Major General Sir Edward Strickland, and others—in defying the master of the rolls by failing to comply with writs of habeas corpus which he ordered in connection with the sentencing to death of John Egan, and the reported splitting away of Egan from the Limerick jail to an unknown place.

What action the court will take is a subject of discussion. The arrest of those concerned for contempt of court it is believed would involve local technicalities connected with the operation or otherwise of martial law.

## PARTICIPATION IS NECESSARY

Dr. Jacob Schurman Says It Is Vital for Peace of World That  
Oriental Nations Take Part in  
San Francisco Conference

SAN FRANCISCO, July 29.—Participation of oriental nations in the proposed disarmament conference is vitally necessary because oriental questions menace the world's peace. Dr. Jacob Gould Schurman, United States minister to China declared in an address here today.

Dr. Schurman calls for China tomorrow.

"America stands for the integrity of China and for the open door," he said. "We want China to remain in possession and control of her own territory and be mistress in her own house."

"Perhaps our chambers of commerce and boards of trade will develop some organization like a national board of commercial strategy for investigation of possibilities of Chinese-American trade. The problem cannot be solved by the government nor by agents of the government; it must be solved only by business men themselves."

## NORTHCLIFFE STILL AT OUTS WITH EMBASSY

Leaves Washington  
Without Being En-  
tertained There

(By The Associated Press)  
WASHINGTON, July 29.—Lord Northcliffe, the most widely known newspaper publisher of the British Isles left Washington tonight after a two day visit without having been entertained at the British embassy and without having received from embassy officials any of those attentions usually accorded by foreign diplomats to distinguished fellow countrymen.

Both embassy officials and Lord Northcliffe maintained silence today with regard to the withdrawal of invitations extended to him to stay at the embassy while in Washington and to attend a dinner which was to have been given in his honor there last night. The viscount, however, was understood still to regard the withdrawal of the invitations as an outgrowth of the controversy now raging in England between the Northcliffe press and Lord Curzon, the British foreign minister.

Despite the withdrawal of the dinner invitations Lord Northcliffe was understood to have met at a dinner given tonight by Mrs. E. B. McLean, wife of the Washington publisher, at her country home most of the guests he would have met at the proposed embassy dinner. Sir Auckland Geddes, the British ambassador and a personal friend of the viscount, was understood to have been one of the guests at the McLean dinner and undoubtedly he and the publisher met again.

Lord Northcliffe called on Sir Auckland yesterday to pay his respects.

List of Guests Withheld  
Many members of the cabinet and of congress were understood to have been among tonight's guests at the McLean home although the list of those present was withheld.

The single new development here today in the controversy between Lord Northcliffe and Lord Curzon and also Premier Lloyd George was a reply by the publisher to a statement read in the house of commons by Premier Lloyd George and authorized by King George.

Leaving here tonight after the McLean dinner, Lord Northcliffe will arrive early tomorrow in New York and after spending tomorrow and Sunday at New York will board his way of departure for his trip to Australia, New Zealand, China, Japan and the Philippines and India.

The viscount spent a busy day in Washington today.

He was entertained at luncheon by the Overseas Writers, an organization of American newspaper men who have done work abroad, and late in the day joined the regular working newspapermen of the capital at President Harding's semi-weekly conference.

The British publisher showed great interest in the president's talk with the newspapermen but asked no questions of Mr. Harding. Later through a hearing room he went to the senate gallery and visited the senate press gallery. The senate had adjourned and he did not call on any senators. He made a brief talk to the correspondents of the gallery, mostly of a shop nature.

## RAYMOND HITCHCOCK SAYS HE IS BROKE

(By The Associated Press)  
NEW YORK, July 29.—Raymond Hitchcock, the comedian who recently filed a voluntary petition in bankruptcy, gave evidence today in support of the claim that he was broke.

He told Referee Townsend that the frolicsome show "Kitchy Koo" caused his downfall, leaving him with only notes, pawn tickets and scenery. The show bogged down at Philadelphia he explained and he had to pawn a watch that "Diamond Jim" Brady had given him in order to buy railroad tickets for the chorus girls.

The referee seeking to learn of the comedian's assets, which he listed at \$125 asked about his town house, his country place on Long Island and his automobile. Mr. Hitchcock said his wife owned them all. He denied newspaper reports that there had been moonlight bathing parties at his country place or athletic dancing in the park light of dawn.

The actor declared that his liabilities were too numerous to mention within two hours, so the case was adjourned to August 25.

## POLICE OFFICER KILLS ATTORNEY IN COURT ROOM

Then Shoots Self While the  
Spectators Fight to  
Get Out

(By The Associated Press)  
CHICAGO, July 29.—Before the eyes of a terrified throng in a crowded court room today, Henry D. Kellogg, known as the "millionaire policeman" shot and fatally wounded Lemuel O. Ackley, an attorney and then sent a bullet through his own head. Ackley died while being taken to a hospital and the death of Kellogg is expected.

The tragedy resulted from a court battle between the two men over a farm, both claiming title to the property thru the purchase of tax claims.

Kellogg had been summoned into court to answer a charge of contempt in disobeying an order awarding the farm to Ackley. Judge Charles A. McDonald, of criminal court, sentenced him to fifteen days in jail for refusing to obey an order dispossessing him of the property.

As the judge delivered the sentence Kellogg, who was in full uniform, rose from his seat, and drawing his heavy service pistol by way of Toronto. He will board his way of departure for his trip to Australia, New Zealand, China, Japan and the Philippines and India.

CHICAGO, July 29.—A plot to free Thomas "Tommy" O'Connor, alleged slayer of Detective Sergeant Patrick O'Neill, who was captured in St. Paul by the unarmed crew of a train which attempted to hold up, before he could be returned to Chicago for trial was revealed tonight by Charles C. Fitzmorris, chief of police.

According to Chief Fitzmorris three of O'Connor's friends have gone to St. Paul in an effort to free the alleged slayer thru habeas corpus proceedings or by force. Chief Fitzmorris telegraphed to Chief of Detectives Hughes who is now in St. Paul to bring O'Connor back, to hire a special car if necessary.

"I have learned that a plot is on foot to rescue 'Tommy' O'Connor from the hands of the police," Three notorious Chicago criminals, one of whom is 'Tommy' Toughy, a safeblower have left for St. Paul to free O'Connor either by a writ of habeas corpus or by force. Hire a special car if you think it necessary and be on your guard against efforts of O'Connor's friends to free him."

On Friday night by a forced march the first section of the rescue party arrived at Mount Enon. It consisted of Rammer, a Swiss guide; William Childs and William Peyto, both of Banff, and a party of Canadian royal mounted police. The search was immediately started and on Sunday morning, after riding hard from Banff all thru the night, General Mitchell, head of the Alpine club of Canada and Dr. Bell pointed the rescuers.

## WILL FIGHT RELEASE OF WAR PRISONERS

National Commander of American  
Legion Protests Against  
Release of Debs and Other War  
Prisoners.

(By The Associated Press)  
INDIANAPOLIS, Ind., July 28.—Promising a fight to a finish if Eugene V. Debs and other war prisoners are pardoned at this time, John C. Emery, national commander of the American Legion, today wired President Harding that such action would be interpreted as a license to disregard law and order. The legion commander assured the president that no action the administration could take would draw the fire of exercise men more promptly or more unitedly than the pardon of Debs.

The action was prompted by press dispatches today which stated that the president had received delegations from numerous organizations urging such action and that the matter would have early consideration. Legion officials who have closely watched developments of this case for months decided that it was time to act and hundreds of telegrams from all parts of the country are expected to reach Washington tomorrow, conveying the same warning from individual legion posts.

The court overruled the demurrer of Attorney Chester Cleveland, representing Comptroller Harding and Attorney Cleveland immediately gave notice of an appeal.

## MRS. STONE TELLS STORY OF ATTEMPT TO SAVE HUSBAND

Dangled from End of  
Rope, Then Dropped  
on Narrow Ledge

(By The Associated Press)  
BANFF, Alberta, July 29.—The story of how Mrs. W. E. Stone, wife of the former president of Purdue University dangled at the end of a rope in mid-air and then dropped exhausted on a four foot ledge, the only break in a precipitous cliff hundreds of feet high after an unsuccessful attempt to save her husband who had fallen into a crevice below was revealed today in a dispatch received here from the correspondent of the Calgary Herald.

The accident in which Dr. Stone lost his life occurred on a Saturday, July 18, she said, and not Sunday as was at first believed. Mrs. Stone said that on Saturday morning they set out to climb Mount Enon without being fastened together by a rope. In the afternoon they had nearly reached the summit and were negotiating a particularly stiff bit of almost perpendicular cliffs. Mr. Stone was slightly in advance. Mrs. Stone said she suddenly looked up and saw her husband slip. Then he fell past her and she saw him strike the face of the cliff several times, his body turning over and over until he disappeared in the abyss below.

Tried to Rescue Husband  
Altho Mrs. Stone held out faint hope of saving her husband's life, and realized the grave dangers that confronted her, she endeavored to go to his rescue. Hastening to the edge of a ledge she climbed rapidly down until she reached the end of the rope. There was no foothold and no handhold and she found herself dangling against the steep mountain side. For some time she hung there trying vainly to draw herself back up again. Finally exhausted, she loosed her hold, expecting to dash to her death. Instead she landed on a four foot ledge about ten feet below. There she remained for eight days. During that time clouds often surrounded the mountain tops and frequently wind and storms, accompanied by lightning and thunder, broke about her. Long before help arrived she had about despaired of ever being rescued, but her remarkable stamina carried her thru.

On Friday night by a forced march the first section of the rescue party arrived at Mount Enon. It consisted of Rammer, a Swiss guide; William Childs and William Peyto, both of Banff, and a party of Canadian royal mounted police. The search was immediately started and on Sunday morning, after riding hard from Banff all thru the night, General Mitchell, head of the Alpine club of Canada and Dr. Bell pointed the rescuers.

Last Sunday evening Rammer found Mrs. Stone, letting himself down to the ledge with a rope he fastened it about her body, a difficult task, for she was badly bruised. Drawing her up to where a foothold could be gained he performed what General Mitchell described as a wonderful feat for he carried the unconscious woman down the side of the mountain in his arms.

## GREAT NORTHERN TO BE FLAGSHIP

WASHINGTON, July 29.—Decision to use the transport Great Northern until yesterday in the service of the army as the administrative flagship of the Atlantic fleet, has announced today by Secretary Denby. Naval officers said it would be the first time in the history of the modern American navy that an admiral of a fleet was provided with any type of vessel other than a battleship as his flagship.

The Great Northern it was said will leave San Francisco where she was turned back to the navy by the war department, within a short time to a navy yard on the Atlantic coast for minor repairs and such alterations as will fit her to be a flagship.

The decision to use the Great Northern as a flagship was said at the navy department to be based on her speed which is somewhat greater than that of a battleship, her more commodious quarters for a commander and his rather numerous staff. As the Great Northern is not armed and will not be armed it is presumed she will serve as a peace time flagship only.

## MAY ISSUE PROCLAMATION

## PUBLIC HEARINGS ON TAX REVISION HAVE BEEN CLOSED

Ways and Means Committee Will Start  
Drafting Revenue Measure After Hearing  
Secretary Mellon and Internal Revenue  
Commissioner Blair—Many Heard Friday

(By The Associated Press)  
WASHINGTON, July 29.—Public hearings on tax revision were closed today by the house ways and means committee which will start drafting the revenue bill after hearing Secretary Mellon, Internal Revenue Commissioner Blair and other treasury officers in executive session beginning Monday.

Chairman Fordney said today it probably would take three weeks to get the bill before the house. The majority members of the committee has as yet had no conferences to agree upon a revision program and evidence of a difference of opinion among them on certain changes proposed has not been lacking.

All of the Republicans have not yet agreed to the treasury proposal to repeal the excess profits tax and substitute an increase in the normal tax on corporations, but leaders generally believe this program ultimately will prevail.

A change in the surtax also is forecast with probably some other changes in the present law.

Want Tax Off Individual Business  
Like the great majority of those who had gone before, most witnesses before the committee today sought removal of the tax from their particular industries, but as Chairman Fordney repeatedly pointed out, the committee got few suggestions as to how the loss in revenue proposed was to be made up. William A. Brady of New York and other spokesmen for the moving picture industry, including theaters, asked that the theater seat tax, the five per cent sales tax on films and the ten per cent admission tax be removed. They declared the industry was in worse shape than any other in the country with four thousand theaters already closed and many others planning to shut down next month.

Mr. Brady said the high salaries of movie stars had disappeared in the last year.

James A. Fawcett of this city, on behalf of the National Manufacturers' association, urged repeal of the excess profits tax and the higher brackets in the surtax substituting a general turnover or sales tax, while representatives of the far industry asked repeal or modification of the tax on their products.

Wants Tax on Bank Checks  
Representative Appleby, Republican, New Jersey, argued in favor of his bill to impose a two cent stamp tax on bank checks, to repeal the soda water tax and to levy a federal tax of 40 cents per horse power on passenger automobiles and \$10 a ton on trucks with a proportion of this to go to the states in lieu of the present state taxes. He also asked for a simplification of the income tax sheets.

Robert Homans, a Boston lawyer, representing corporations and associations holding and developing real estate argued against increased normal tax on those corporations.

He said none of them now paid excess profits taxes and that any increase in their taxes would be practically unbearable.

Opposing repeal of the excess profits tax and the higher grades of surtax, Charles A. Lyman, secretary of the national board of farm organizations said there was a feeling on the part of the farmers that some plan should be worked out under which the vast accumulations of wealth should bear a large part of the tax burden.

Accused Murderer  
Dies of Hunger  
Andrew Bykajlo Dies in Hunger

on Charge of Killing His Wife.

(By The Associated Press)  
CHICAGO, July 29.—Preferring death by starvation to facing trial on a charge of having slain his wife, Andrew Bykajlo died in the county hospital today as the result of a long hunger strike.

He was taken to the hospital on July 14 from the jail where he was awaiting trial when his condition became serious following his refusal to eat.

"I will not eat the hangmen yet," he said.

"The man unquestionably starved himself to death," Warden Michael Zimmer of the hospital said. "I know that he used to eat a little every day probably because of the acute pains that accompanied the self-starvation, but he would not eat enough to sustain life."

Four years ago movie magnates and friends attended a scandalous dinner at a Boston road house. The attorney general of Massachusetts is seeking in court the expulsion from office of the state's attorney, or district attorney, of Middlesex county on the charge that he accepted one hundred thousand dollars and dropped prosecution in the dinner cases. The money was paid to shield the names and reputations of those who were present. The evidence so far indicates that the dinner was blackmailed out of large sums of money thru threats of exposure. Whether the district attorney was guilty or not remains to be determined but that much money changed hands is indicated by the testimony.

**CLEAN UP BETTER**  
Now that watermelon season is on many pleasure seekers at Nichols park eat the fruit and leave the rinds scattered about the place. This makes much work for the caretakers and causes the place to look anything but inviting. People are welcome to the park but they should show appreciation of what is done for them and leave the place in as good condition as they found it. Pleasure seekers, please be more careful and not make so much work for other people.

**BAND STAND COMPLETED**  
The contract for lighting the band stand, recently erected in Woodson has been let to the Smith & Winters garage. The work of wiring the stand has been completed and it presents a very fine appearance when illuminated.

**HI-JACKERS STOP TRAIN LOADED WITH ALCOHOL**  
San Jose, July 29.—Hi-jackers are commencing to turn their attention to Chicago and Alton trains at San Jose, train No. 97, the fast freight out of Peoria, which usually has one or more cars of alcohol or whiskey, was held up at San Jose Wednesday night. Shortly after midnight as Engineer Ingalls was pulling away from the junction, a man ran out of the weeds just ahead of him and stood upon the track, giving him a stop signal with a search light. The engineer stopped. Riding in a caboose with Conductor Jack Riegler was a posse of detectives who were assigned to the train to prevent a raid. The sleuths unfolded in quick time and made a run for possible hiding places of the hi-jackers. It developed that the fellows occupied two automobiles waiting upon an adjacent road, and when they saw that the train carried an armed guard they opened the throats of their cars and disappeared into the shadows. The train then went on, but for the precaution of carrying guards, it is likely that the train would have been robbed of its alcohol. Alton detectives were at the scene yesterday looking for clues, but without success.

**THE PARNELLS**  
The Biggest Little Company on The Chautauqua Platform  
The Parnells are to give two programs at our Chautauqua and the fact that this is a two-person company does not give any idea of the excellence of the program which they will give, because it is the biggest little attraction that ever went upon the Chautauqua platform.

A Parnell program is unique. It is full of life and action and it is a delightful entertainment for those who not only enjoy the best in music but are looking for the novel and interesting features as well as the highest grade of musical technique.

Their programs consist of vocal duets, saxophone solos, readings of a varied character, baritone solos, piano accordion selections on which instrument Mr. Parnell is a real genius, and in character portrayals, in which he is one of the most versatile entertainers upon the Chautauqua platform.

The Jacksonville Chautauqua, Friday, August 12 to Sunday, August 21.

FINANCIAL RELIEF  
WORK IS REVIEWED

(By The Associated Press)  
WASHINGTON, July 29.—The accomplishment of the administration toward relief of financial conditions are reviewed at length in a statement issued today from the white house, declaring that the work done in that direction during the last four months constitutes an "achievement of the greatest importance to the country."

In support of this assertion the statements points to and discusses at length the recent reduction of discount rates by federal reserve banks, steps taken by the treasury towards refunding national debt, the resumption of active operation by war finance corporation, efforts toward final settlement of the railroad problem, extension of relief to agriculture and the livestock industry and various other items of the administration's financial policy.

"It is unsafe," said the statement, "to prophesy concerning conditions in the future, but it may be expected that recognition will be given to further improvements in accordance with the dictates of sound banking practice."

REPORT SPURGIN  
TRYING TO GET  
ACROSS BORDER

Missing Banker Thought to be Trying to Get to Mexico

(By The Associated Press)  
CHICAGO, July 29.—Warren C. Spurgin, missing president of the Michigan Avenue Trust company, who is being sought in connection with a \$1,000,000 shortage in the bank's accounts is now near the Mexican border which he is seeking to cross, according to James E. McShane, assistant state's attorney.

Three Chicago detectives were detailed today to pursue Spurgin and it was declared that his arrest was expected shortly.

Reports that he had boarded a train near Mobile, Ala., and was now in the Gulf of Mexico were denied. It was authoritatively stated that he had been traced toward the Mexican line thru information supplied by a woman.

A receiver was appointed today to take over the assets which Spurgin left behind in his flight.

ROY L. SMITH

After Mr. Smith's lecture at the chautauque last year, the program committee was besieged with requests that he be secured for a return engagement for this year's assembly. He is coming for another lecture.

Mr. Smith has enjoyed a unique and varied experience. He has worked as a sign painter, newspaper reporter, printer, mechanic, and paid his way through college with music. In addition to his pastorate he is an editorial writer, contributor to a widely-circulated weekly and author.

His versatility has not made him shallow in any sense. In style he is epigrammatic and vigorous, he speaks with the rapidity of a machine gun, yet with perfect enunciation.

In action he seems to entirely forget himself and gives one the impression of a highly charged electric wire. Through every address there appears flashes of the most captivating wit. He does not try to be humorous, he cannot help it. All who heard him last year will want to hear him again and those who missed him then will be on hand this year.

Jacksonville Chautauque, Friday, August 12 to Sunday, August 21.

MANIAC KILLS  
POLICE OFFICER

(By The Associated Press)  
CEDAR RAPIDS, Ia., July 29.—Police Officer Frank Wilson was shot and killed tonight and Officers William Mike and James Bailey shot and seriously wounded by John Broeksmit, a maniac. After a running battle thru three squares Broeksmit backed himself against the wall of the public library and pumped thirty eight shells at the police from an army automatic.

Finally he was overpowered and taken, unharmed to the police station.

He has hitherto been regarded as harmless and spent much of his time reading at the public library.

FINAL ARGUMENTS  
ARE BEING MADE  
IN BASEBALL CASE

(Continued from Page 1)  
evidence proved Chick Gandil, one of the conspiracy leaders, and that Williams and Jackson stood convicted by their own confessions.

"Williams and Jackson have admitted their guilt," said "What can you gentlemen do but go the limit in punishing them?"

Zelcer's Alibi

"And this man Zelcer," he shouted, "has tried to prove an alibi to prove that he is not the man Bennett who helped Abe Attell run this deal. Yet we prove that Abe Attell had thousands of dollars under the mattresses in his room at the Cincinnati hotel, we prove there were suitcases of money there and that he took \$10,000 of this money—against Bennett's wishes—and gave it to Burns for the players and Burns gave it to Williams and Jackson."

"And Zelcer after first saying he knew Attell slightly, finally admits that Attell roomed with him at Cincinnati during the series and that he registered under himself. He then admits that he has known Attell for years—and yet he did not know of this conspiracy, or of the \$10,000 transaction in his own room."

"He says he was in Chicago the days Burns says he conferred with him in New York. The clerks at his hotel say he had relatives here at times. There was a \$23 telephone call between his room in Chicago and New York Sept. 23, 1919. Were his friends occupying his room in Chicago? Was this telephone call from him in New York on world series business?"

"Burns may be a squealer. But is he any worse than these defendants? Three of them squealed. His story is as good as theirs—better because he withstood two days of grueling cross questioning without changing a single main fact."

"Of course the defendant players were at practice the morning Burns talked with them in Cincinnati. Burns himself has told you that he talked with them only a few minutes and that they then went to practice. The defense has no hurt Burns' story one bit on that point."

"These men did what Abe Attell told them. Abe said 'lose the first two.' They did. Abe said, 'win the third.' They did."

Tomorrow Mr. Prindiville will go into the legal aspects of the case—the technicalities of the law.

FINANCE COMMITTEE  
ADOPTS NEW POLICY

(By The Associated Press)  
WASHINGTON, July 29.—Preparatory to the consideration of rates and provisions of the new tariff bill, senate finance committee members appeared today to have adopted a new policy with respect to testimony in the hope, it was declared, of getting "more facts and less generalities."

Several committee members indicated their intention to press witnesses for definite facts and figures upon which to base the new rates.

Plans of some of the members to reduce the hearings to statements of value to the committee became known after chairman Penrose had announced that hearings would be suspended after Monday while the members determine whether American valuation provisions in the Fordney or house bill are to be stricken out or retained.

All rates in the bill were computed on the basis of assessing duties on the domestic value of imported commodities and Senator Penrose said it was useless to go further into consideration of details until the question of policy has been decided. The first move to have the hearing record show only "facts," was made by Senator Reed, Democrat, of Missouri.

He urged that testimony of A. G. Rosengarten, a Philadelphia chemical manufacturer be omitted after the witness had declined to give the committee information concerning his firm's production costs, taxes, earnings, dividends and other details which Mr. Reed declared was necessary to show whether tariff protection was required. No action was taken on the Missouriian's request.

The half dozen witnesses who appeared after Mr. Rosengarten had anything but smooth sailing for cross-questioning as to costs and so forth, was taken up by several other senators.

INTENSE HEAT  
IN HUNGARY

Budapest, July 29.—Hungary's financial situation has been further complicated by the intense heat of the last few days, which has caused the ink to run on the paper money, making mere smudges of the badly printed bills. Careful capitalists are using refrigerators as safes. The thermometer today registered 103 degrees in the shade.

RAILROADS WANT  
TO PUT NEW  
RATE SCHEDULE

Would Have It Become Effective on Ten Days Notice

(By The Associated Press)  
WASHINGTON, July 29.—An application was filed with the interstate commerce commission in behalf of the railroads affected to put the new rate schedule into effect on a ten day notice to shippers. The lake ports mentioned are those participating in the heaviest proportion of the lake-and-rail movement of grain for export from western producing territory.

Present lake-to-ocean rates on wheat, corn and rye, affected by the five cent reduction from 19.75 to 20.17 cents. On oats they are 19.63 cents and upon barley 20.08 cents. Existing differentials between ocean ports will be maintained.

To bear out the statement that the reductions were not justified on a cost-of-service basis, the association statement said that this year's export grain movement under existing rates exceeded the export movement of the past three years on the eastern roads.

Adjustment of freights from central to eastern is to be made at a conference in Chicago next week, the association announced.

SUGGESTIONS  
ARE NOT FAVORED

WASHINGTON, July 29.—Proposals for preliminary meetings of the representatives of all the powers and any separate groups of them prior to the disarmament conference are receiving no encouragement from the American government.

Altho officials decline to comment formally, it is the belief here that all of the various schemes suggested for preliminary sessions are impracticable and might lead to defeat of the purpose of the conference itself.

This feeling is understood to apply with particular force to any proposal that certain questions be taken up before hand in separate conferences where only certain members of the main conference are represented.

It is held that such a plan not only would have the undesirable result of creating groups within the main group but might open such avenues of discussion that it would leave the participants further from a solution than they were in the beginning.

Meantime officials are working steadily in the preparation of details and altho it is said actual choice of the personnel of the American delegation is yet to be made President Harding is known to have given the question some serious thought. It is expected generally that the president himself will not sit at the conference table, but that Secretary Hughes will act as head of the American delegates. It has been intimated that serious consideration might be given to suggestions that at least one of the places on the delegation go to a woman.

## SEARCH BEING CONTINUED FOR STONE'S BODY

Correspondent of Calgary  
Herald Sends Story by  
Pony Express

(By The Associated Press)  
CALGARY, Alberta, July 29.—Search is being continued for the body of Dr. W. E. Stone, president of Purdue University, Indiana, killed in a plunge down the side of Mount Ean, in the Canadian Rockies, according to a correspondent of the Calgary Herald, who yesterday sent a story from Marvel Creek, Alberta, to Banff, by pony express.

Meanwhile Mrs. Stone is in an improvised camp on the mountain while the party that rescued her is building a raft to convey her down Marvel lakes, the first stage of fifty-five mile journey back to civilization. Mrs. Stone, although suffering from shock and exhaustion as the result of her eight days imprisonment on a Mount Ean ledge is out of danger. Mrs. Stone faces an arduous journey to Banff for the trail is over mountains and beset with many difficulties. She will be carried in a stretcher, except for the short span of the Marvel lakes.

Dr. J. A. Bell, Winnipeg, a member of the rescue party, is attending Mrs. Stone. It is possible that the search for Dr. Stone's body will be abandoned temporarily until a new search party can be organized.

## EASTERN CITIES BOMBED OFF MAP

NEW YORK, July 29.—New York and Washington today in theory were bombed off the map following in the wake of Norfolk, Newport News and Richmond. Philadelphia is due for a theoretical bombing Monday.

The fate of the various cities was made known today by Brig. Gen. William Mitchell, assistant chief of the army air service, when he stepped from his plane after leading three squadrons of seventeen bombers on an aerial "attack" against New York. Simultaneously an attack on Washington by seventy machines had been ordered. All these raids were part of a war problem which army aviators are working out after having participated in the recent bombing of former German war craft off the Virginia Capes. The planes which made New Yorkers stare aloft had been coming up the coast from Langley Field, Va., and leaving waste astern.

After week-ending at Mineola air fields, they will start the week right by swooping down on Philadelphia.

## CANNOT GROW HAY AND GRAIN

Des Moines, Iowa, July 29.—Western farmers are financially unable to continue growing hay and grain with the present high freight rates, in the opinion of Clyde M. Read, Kansas railroad commissioner and chairman of the sub-committee of western state railroad commissions which met in conference here today. According to Commissioner Read, western farmers now are unable to earn a cent on their investments, nor make payments on their indebtedness. He said that if they did not grow their own foodstuffs, they would not be able to eat. The sub-committee today perfected plans for the gathering of evidence to be submitted to the interstate commerce commission on August 15 in an endeavor to bring about reduction of rates.

## WANDERER REPRIEVE GETS IN ARGUMENTS

(By The Associated Press)  
SPRINGFIELD, Ill., July 29.—The reprieve of Carl Wanderer was injected tonight into the arguments over the question of Governor Small's arrest. Expressing doubt of the authenticity of statements made by others in behalf of Governor Small relative to a surrender to Sangamon county authorities, James M. Graham of the governor's counsel declared that the governor submitted to arrest and refused to give bond. Wanderer would have gone to the gallows today.

Mr. Graham, former Democratic congressman from the Springfield district, was one of the "friends of the court" who argued immunity for Governor Small before Judge E. S. Smith last week. With former Governor J. W. Pifer and George B. Gilchrist, he advised the governor to resist arrest.

He has since said to have been in close touch with the Chicago conference and although he said he did not doubt the genuineness of Attorney Albert Pink's offer of "conditional surrender," Mr. Graham declared that he believes the governor is as firm as ever in his refusal to give himself up with resistance to arrest in Sangamon county.

"To me it is inconceivable that the governor will submit to arrest while I am here," Mr. Graham said. "The proposal that it is possible to arrest and incarcerate a governor and thus deprive the state of its executive is monstrous."

## IS NAMED SECRETARY TO COL. CLIFFORD

Col. Edward Clifford of Evanston, who is now serving in Washington as an assistant secretary of the treasury, has named Miss Nettie K. De Freitas of Springfield as his private secretary.

She became associated with Senator Sherman during his various campaigns, taking an active part in each. She became his private secretary during his term as lieutenant governor and continued in this capacity during his term as president of the state board of charities. When he was elected to the United States senate Miss De Freitas went to Washington and served as the senator's personal secretary during his eight years' service in that body. Following his retirement, Miss De Freitas was associated with Senator McKinley until July 1, when she received her appointment as private secretary to Colonel Clifford.—State Journal.

From that point he will go by automobile to Lancaster.

A convoy of battleships and destroyers will pick up the Mayflower at Hingham Roads and accompany her to Plymouth.

## REPORTED DISCOVERY OF OIL IN ALASKA

Anchorage, Alaska, July 29.—Reported discovery of what is said to be a high grade of seepage oil near Anchorage, with the indication that the field extends for fifty miles north along the government railroad, has sent a flood of stampedees into the district to stake claims.

A large area in the vicinity of the railroad has been staked with mining claims as a result of the discovery of gold in railroad cuts. According to an apparently authentic report here, an eighty foot quartz vein, assaying in the neighborhood of \$500 to the ton has been uncovered in the northern part of the California creek district north of Anchorage.

## WAVERLY BOY IS ACCIDENTALLY SHOT

Lester Fields Suffers Loss of Right Eye and Wound in Right Thigh Through Discharge of Shotgun.

Lester Fields, aged 15 years, of Waverly, is lying at Passavant hospital suffering from painful wounds as the result of the accidental discharge of a shotgun Friday afternoon.

The accident occurred near the farm of Edgar Austin, two miles west of Waverly. Several shot penetrated the right eyeball, making the removal of the eye necessary. Part of the load also struck the right thigh making an ugly wound.

John Ressor, a boy of about the age of Fields was with him at the time of the accident and summoned aid. The injured boy was rushed to Waverly and given first aid. He was then brought to Passavant hospital by automobile accompanied by Dr. Walter Allyn and Dr. Paul Allyn of Waverly.

Arriving at the hospital Dr. Hargrove and Dr. Adams gave the necessary surgical attention. Dr. Hargrove dressed the thigh wound and Dr. Adams performed the operation for the removal of the eye.

According to the story of the shooting as told by Ressor, the boys were standing on a bridge. The Fields boy set the stock of the gun down on the bridge and it slipped between the boards.

I recommend the Vegetable Compound to my friends and you may use these facts as a testimonial."—Mrs. SALLIE SIEFERT, 313 W. Fourth Street, Pottsville, Pa.

The everyday life of many housewives is a continual struggle with weakness and pain. There is nothing more wearing than the ceaseless round of household duties and they become doubly hard when some female trouble makes every bone and muscle ache, and nerves all on edge. If you are one of these women do not suffer for four or five years as Mrs. Siefert did, but profit by her experience and be restored to health.

## WILL REVERSE THE DECISION OF REFEREE

CLEVELAND, O., July 29.—  
The Cleveland boxing commission  
is preparing a statement to be  
sent to all state boxing com-  
missions and the national boxing  
commission tomorrow, reversing  
the decision of Referee Jimmy  
Gardner of Boston and giving  
the middleweight championship  
of the world to Bryan Downey of  
Cleveland. J. B. Wilberding, chair-  
man of the Cleveland boxing com-  
mission announced today.

In a bout here Wednesday night  
Referee Gardner gave Johnny Wil-  
son of Boston, the champion the  
round claiming Downey hit Wilson  
while the champion was down fol-  
lowing two previous knockdowns.  
The local boxing commission  
restores Referee Gardner's deci-  
sion on the ground that according  
to the official timekeeper, Wilson  
was down for 13-45 seconds on  
the first knockdown in the sev-  
enth round and for eleven seconds  
on the second, while Referee Gar-  
dner counted only nine on each oc-  
casion; that Downey did not hit  
Wilson while the champion was  
down and that if a foul was com-  
mitted it was by Martin Killiea,  
manager of Wilson, when he  
placed his hand on his boxer  
while he was down in the seventh  
round.

Following protests growing out  
of the Wilson-Downey bout, Mayor  
W. H. Fitzgerald, today said:  
"The next time any general pro-  
test matches are conducted here,  
I will prohibit further bouts."

Charles E. Clark and family  
and Dr. A. E. Obermeyer were  
down to the city from Arcadia  
yesterday.

## DUGAN LEAVES

Philadelphia, July 29.—Joe Du-  
gan, the Philadelphia American's  
third baseman, did not report at  
the Athletics' park today and  
Manager Mack expressed the be-  
lie that his disappearance was due to  
his sensitivity to the shouts  
and criticism of some of the fans.  
"After he was jeered by a few  
members of the crowd at yester-  
day's double header," said Mack,  
"Dugan told me he was thru with  
Philadelphia and would never  
play here again. I told him he  
would have to play here or no-  
where and I also warned him that  
any further protest would result  
in discipline. If he does not re-  
port to me immediately and give  
a satisfactory account of his ab-  
sence today it will mean suspen-  
sion."

Mack said Dugan probably  
went to his home in New Haven,  
Conn.

## SPEAKER'S INJURY NOT SERIOUS

Boston, July 28.—Examination  
today developed that Tris Speak-  
er, manager of the Cleveland  
Americans, had torn a ligament in  
running bases in yesterday's  
game with Boston and that there  
was no fracture as was thought at  
first. He took part in batting  
practice before today's game and  
it is thought that he will be able  
to play at least part of the New  
York series.

## Daily Market Report

## WHEAT MARKET

**CLOSED UNSETTLED**  
CHICAGO, July 29.—Accumulating stocks and diminishing outlets counted as depressing factors in the wheat market today. Prices closed unsettled 1 to 5c lower, with September \$1.23 to \$1.24 and December \$1.26 to \$1.25. Corn lost 1 to 2c and oats, 3 to 4c.

Provisions closed unchanged to 35c lower. With receipts here totalling nearly 700 cars and with even heavier arrivals at Kansas City, the market soon gave evidence of feeling an apparent almost complete stoppage of export demand. In this connection bears pointed out that in three weeks, Chicago had received 13,000,000 bushels, whereas shipments from here had been only 3,000,000 bushels. The situation was further illustrated by announcement that today's export business amounted to but three cargoes of which two were for Brazil leaving just a single cargo tonight for Europe. Bullish reports as to the probable size of the domestic spring crop and as to drought in Germany rallied the market during the middle of the session. In the last hour, however, selling led by a big elevator concern carried the market downhill again and the finish was about at the lowest level of the day.

Beneficial rains, put the corn market under constant pressure, though values hardened temporarily when wheat showed a transient upturn.

Oats merely reflected the action on grain.

Provisions had a general downward slant owing more or less to assertions that the forthcoming monthly warehouse statement would be a bearish one.

**Chicago Livestock Market**  
(By the Associated Press.)  
Chicago, July 29.—Cattle—Receipts, 4,000. Better grades of beef steers, 940; yearlings, \$9.25; bulk beef steers, \$7.25 @ 8.65; bulk fat cows and heifers, \$4.50 @ 6.50; canners and cutters mostly \$2.75 @ 3.50; bulls steady, bulk \$3.00 @ 3.25; veal calves 25c to 50c lower; bulk, \$9.50 @ 10.00; stockers and feeders, nominally steady.

Hogs—Receipts, 16,000; active; better grades medium to strong weights, mostly steady to 10c lower; others steady to 10c higher than yesterday's average; holdovers moderate; top, \$11.75; bulk light and light butchers, \$11.25 @ 11.70; bulk packing sows, \$9.50 @ 10.00; pigs low; mostly steady; bulk desirable pigs, \$10.75 @ 11.25.

Sheep—Receipts, 9,000; native lambs strong to 25c higher; packer top, \$10.00; bulk, \$9.25 @ 9.50; western lambs steady to 15c higher; top, \$10.25; others at \$10.00 and figures. Montana weathers at \$6.00 and figures about steady, weight and sorting considered; fat native ewes steady; top, \$5; bulk, \$4.00 @ 4.75.

**BRADSTREET'S REPORT WILL SAY**

NEW YORK, July 29.—Bradstreet's tomorrow will say: "Heat and holiday influences have ruled and distributive trade and manufacturing are quieter than for some time past, with unemployment complained of more at several cities. Reflection of these conditions is had in reports of less active buying from wholesalers in secondary markets and of holding off by country merchants pending a clearer view of admittedly rather mixed crop conditions. Those conditions hold true, too, despite the fact that most activity continued to be manifest in the apparel and kindred trades and in face of the increasing talk of retailers' stocks of seasonable goods being almost uniformly light. The situation, however, finds quite a few redeeming features visible most of these having to do with the further future. Most immediately helpful of all these is the continued strength of buying of our grain particularly wheat by Europe which still reports drought affecting crops.

Weekly bank clearings \$5,628, 180,000.

**E. ST. LOUIS LIVESTOCK**

## SHORT SELLING OF SPECULATIVE ISSUES

NEW YORK, July 29.—Further unsettledness was manifested by the stock market today on renewal of liquidation and short selling of speculative issues. Rails and the more seasoned industrials were immune from pressure but eased in the general reversal of the last hour. Call money held at 4 1/2 per cent upsetting the calculations of borrowers who had hoped for renewals at yesterday's minimum rate of 3 1/2 per cent. More time funds were available however at 5 1/2 per cent.

All leading foreign exchanges were lower, demand sterling falling a fraction under 35c, with concurrent weakness in French and Belgian francs, also marks and guilders. Italian and Spanish rates hardened but a sagging tendency marked the moderate dealings in bills to Czechoslovakia.

Total sales (par value) \$4-150,000.

# ROTARIANS ARE TOLD OF IRISH TROUBLES

V. H. Riley, Lately Returned from Abroad, Tells Club Members of Scenes Witnessed in Ireland.

The regular weekly luncheon of the Rotary club was held Friday at the Pacific hotel. The speaker of the afternoon was Vincent H. Riley, the club president, who has just returned from the international Rotary convention at Edinburgh. The club members were greatly interested in Mr. Riley's recital of his experiences in various European countries and especially in Ireland.

Mr. Riley gave a very entertaining account of his experience while witnessing a cricket contest in Dublin. While the game was in progress firing started on one side of the field and there was a general scramble for places of safety. The speaker stated that he was unable to learn the exact cause of the sudden outbreak, but it resulted in the death of one woman.

**Evidences of Struggle**  
The local man visited various localities where there were marked evidences of the struggle which has been going on in Ireland in recent months. At Athlone these signs of warfare were especially noticeable. He saw numerous trenches which had been dug in the highways near this village for the purpose of hindering the progress of the armed motor trucks used by the army.

Many of the business men of the village were compelled to leave their establishments and aid in repairing the havoc wrought by rioters. This interference with business has naturally meant a great loss to the residents, all of whom are anxious for times of peace once more.

As for the convention itself, Mr. Riley had time for but a brief outline. He told the Rotarians of the wonderful spectacle of the flags of twenty-five countries all in evidence above the platform in the convention hall. The chief object of the convention, he said, was consideration of the big question of world disarmament. Altogether Mr. Riley's address was one of the most interesting heard by the local club members.

## MILDRED UPCHURCH DROWNS AT PEORIA

Sinclair Girl Loses Life in Illinois River Thursday—Remains Brought Here for Funeral.

The Illinois river claimed another victim Thursday when Mildred Upchurch, 17-year-old daughter of Mr. and Mrs. Albert Upchurch of Sinclair was drowned at Averyville, near Peoria. Two Peoria girls, Beatrice Oswald and Laverna Muthers, were rescued with difficulty.

Miss Upchurch had gone to Peoria to visit her grandmother, Mrs. May Mueser, and was at the time enjoying a camping party at Clam beach as the guest of her aunt, Mrs. Albert Oswald.

The three girls went out into the river Thursday morning for a swim and were playing about a sunken sand bar, enjoying themselves to the utmost.

A little after 12 o'clock, Mrs. Muthers, who is an expert rower, and Mrs. Oswald entered a boat and went out in the river for the purpose of getting the girls.

Just as they neared them, Miss Upchurch was heard to scream as she sank into the river. As the current where she went down is swift, she was rapidly swept away.

The two other girls, and also Mrs. Muthers, who is an expert rower, and Mrs. Oswald entered a boat and went out in the river for the purpose of getting the girls.

After two and one-half hours of dredging, the body was recovered by R. D. Jones, R. W. Thomas and Bert Huffman.

Although Dr. E. S. Gilles worked with a pulmotor for thirty minutes, the girl was past reviving.

The body was removed to the Weer's morgue where the coroner's inquest was held Friday morning. A verdict of accidental drowning was rendered. The girl's father went to Peoria to attend the inquest and to bring the body home.

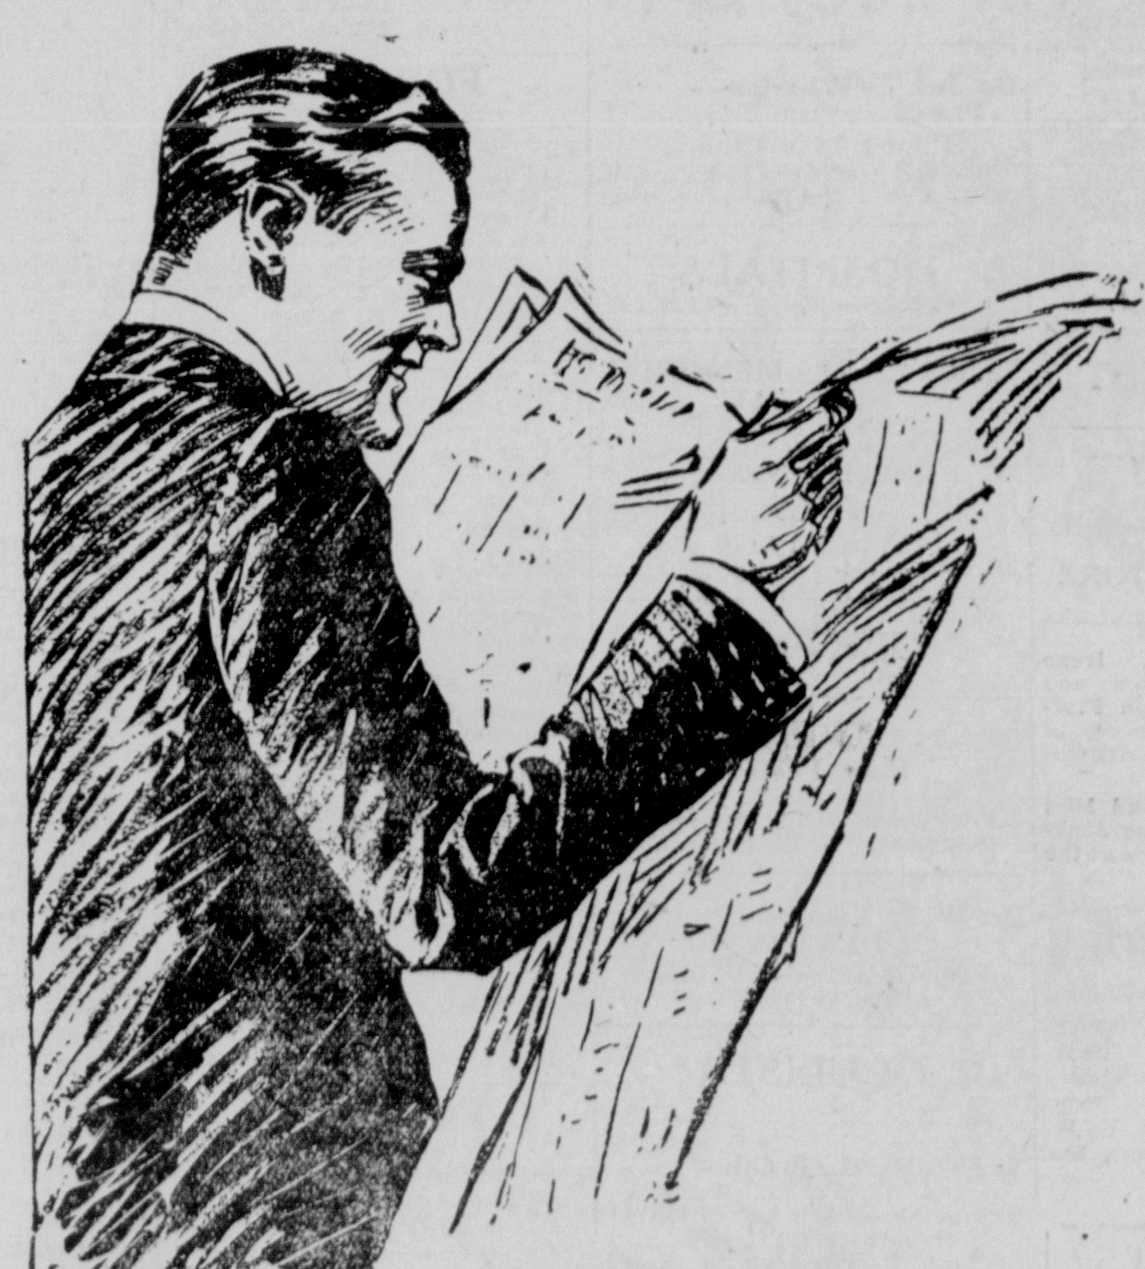

The remains arrived in Jacksonville Friday evening and were taken to the Gillham funeral home.

Funeral services will be held Sunday morning.

Besides her parents, Miss Upchurch is survived by two brothers. She was a freshman last year at Jacksonville high school.
